

PerCom 2005
CALL FOR WORKSHOPS PROPOSALS

**The Third IEEE International Conference on Pervasive Computing and Communications
PerCom 2005, Hawaii, March 8-11, 2005**

<http://www.percom.org>

Co-sponsored by the IEEE Technical Committees on Parallel Processing and Computer Communications

IEEE PerCom 2005 will be the third annual conference on the emerging area of pervasive computing and communications aimed at providing an exciting platform and paradigm for all the time, everywhere services.

The PerCom2005 Organizing Committee invites proposals for one-day workshops affiliated with the conference. The workshops will be held prior to, or after, the main conference. The purpose of these workshops is to provide a platform for presenting novel ideas in a less formal and possibly more focused way than at the conference itself.

Workshops Proposals are solicited in all areas and topics pertaining to pervasive computing and communications research and applications.

Submission procedure

Each workshop proposal must include:

1. The name of the workshop.
2. The names, addresses, and a short bio (up to 200 words) of the organizers (up to three).
3. A brief description (up to 1 page) of the technical issues that the workshop will address, and the reasons why the workshop is of interest this time.
4. The names of potential participants, such as program committee members.
5. If appropriate, a description of past versions of the workshop, including: number of submitted and accepted papers, and number of attendees.
6. A description of the publicity plans.
7. A call for papers
8. The workshop URL

Workshop proposals should be submitted, **no later than May 15, 2004**, by e-mail (pdf or text format) with "PerCom2005 Workshop Proposal" in the subject header, to both PerCom 2005 Workshop Chairs:
